Director's Message

Welcome to GIFT (A leading Design Academy). GIFT is not just an institution; it is a vision that has taken concrete shape over the period of time. An educational institution that is regarded not only for its courses, but also for its unique ethos that nurtures and strengthens an individual's character & personality, so that every student who steps out of its portals is a complete person, professionally, intellectually and morally.

There is one quality that any individual must possess to win, and that is a definiteness of purpose- the knowledge of what one wants and a burning desire to possess it. To achieve this, one ought to have the passion, perseverance, patience and then one would be a sure winner. Remember always, think positive and visualize your strengths.
